At Tuesday night's meeting of Narberth's Harold D. Speakman Post, American Legion, a new American flag was presented by the auxiliary; recognition will be given at the exercises Memorial Day. Plans were made Tuesday for the following:

This Saturday members who wish to help place wreaths on graves of veterans will meet at John Mowrer's, Montgomery and Meeting House lane, at 2 P. M.

Sunday at 11 A. M., memorial services will be held at the Baptist Church, to which all veterans and auxiliaries are invited, preferably in uniform.

REV. ROBERT E. KEIGHTON  
Minister, Sunday

Members of the post and auxiliary will meet 1:30 P. M., Sunday at the Legion hall to take part in the annual exercises given by Ardmore's Bullock-Sanderson Post in Gladwyne.

Monday the town's officials and organizations—all are invited—will participate in the parade, which will assemble at the fire house at 9 A. M.

The usual course: Forest avenue to Haverford, east to Narberth, up to Wayne, west to Essex, down to Haverford, thence to Narberth and south on Narberth to Woodside, west to Wynnewood and up to the Memorial grouping at Windson.

Here, at the playground's corner, the Rev. Robert E. Keighton, of the Baptist Church, will pronounce the invocation and a brief patriotic address will be given by the Rev. W. Middleton, of the Methodist Church.

## Annual Art

Exhibit of the Pupils of Margery D. Cowin

Of Narberth, opens Wednesday, June 1, at the Narberth Library.

Several pictures of interest will be noted among those by the novices in the adult class: Mrs. R. H. Hamilton, Mrs. J. E. D. Graves, Mrs. Nathaniel Watson, Michael McEntee and Mrs. Frederick Robb.

Other interesting pictures include landscapes by Mrs. F. N. Black, pastels by Miss Phoebe Boyd, and a Chinese screen by Mrs. William McGee. As usual, Mrs. H. M. Berry, Mrs. J. C. McCandless and Mrs. John Leech are exhibiting.

Special mention should be made of the work of Edwin Irwin. His still life picture of flowers is well done.

The children are headed this year by Barbara Floyd, who wins first prize for improvement, followed by Robert Phillips and Jean Simpson, a tie for second honors.

For effort made, a special award to Mary Struma.

The judging, which was very difficult because of the excellence of the children's work, was done by Miss Margaret Bugher, commercial artist.

William Floyd, Jane Morris, Mary Struma and Sheila Sangmeister were close contenders with some work by Richard Devan and Greer Hendel, who were part-time pupils.

The exhibit will be up for three weeks.

## Skill in Sports

## Little Field Day

Will be held June 3 on the playgrounds of the Narberth Public School when the children will play all sorts of games. The P. T. A. Association will have ice cream and cold drinks for sale.

The Field Day will be celebrated on a smaller scale this year, due to the efforts put on the production of the recent pageant.

## Baccalaureate

REV. CLETUS A. SENFT  
To Lower Merion High School's graduating class will be delivered Sunday night at the high school, Ardmore, by Dr. Andrew Mutch, pastor emeritus of the Bryn Mawr Presbyterian Church. Two Narberth ministers will participate: The Rev. Cletus Senft, Holy Trinity Lutheran Church, and the Rev. W. Vernon Middleton, Narberth Methodist Church. The senior A Cappella choir will sing.

## Star Student

MARY M. LARNEY  
callectrician of Lower Merion High School, '38, who has been awarded a scholarship to the University of Pennsylvania and who won election to the National Honor Society. She is the daughter of Mr. and Mrs. Edward Larney, of 111 Beachcroft lane, Penn Valley.

## Opening of Roads

Hearings for Two Penn Valley Highways Will

Be held before the township commissioners June 15. The thoroughfares, which it is planned to make public property, are Wellington, from Old Gulph to Moreno, and Gilpin, from Bryn Mawr to Manor.

Another public hearing is scheduled the same night on a petition from J. Franklin Moss Company, owner of a tract adjacent to the General Wayne playfield in Merion Park, which seeks to have the zoning changed to "D" and "B" districts.

At the May meeting the board awarded the contract for grading, drainage and construction of a wall at the 10-acre General Wayne playfield to James D. Morrissey for \$11,958.

Named to succeed Dr. Charles Seidel, resigned, as chairman of the important By-Laws and Ordinance Committee, was John H. Jefferies, Jr., General Wayne commissioner.

The township again will apply for the Federal grant of \$48,150 for the construction of an incinerator, in the hope of obtaining the funds under the new administration policy.

A building code amendment was approved, fixing minimum widths for driveways leading into developments. For one house, the drive must be 20 feet, for two residences, 35 feet, and for a greater number of homes, 50 feet.

A permit was granted for Ardmore's Merion Fire Company to hold a carnival, June 3 to 11, on Lancaster pike, near Church road, Ardmore.

## A Camparena Show

Given at Valley Forge last week-end before 2000 Boy Scouts of Delaware and Montgomery Counties, was in charge of Tom Miller, Main Line field scout executive, of 338 Dudley avenue.

Aiding in the direction of the two-day program of the annual camporee was Victor Wierman, Jr., Main Line Commissioner, of Penn Valley.

Local troops participating included Wynnewood No. 1, Narberth No. 2, and Merion Nos. 1 and 2.

## Active Members'

Club of the Narberth Fire Company

met Monday evening in the new club room at the rear of the firehouse. We take this opportunity to thank our friends who supported the benefit at the Narberth Theater; it was a grand success. A real active furniture committee has been appointed and in the near future the firemen will be able to settle back in comfortable chairs while awaiting alarms.

This Saturday afternoon the firemen will journey in uniform to West Laurel Hill Cemetery, to decorate the grave of our late beloved chief, Charles V. Noel, and to pay homage to a really great leader.

Complete parade instructions for Memorial Day have not as yet been received by Chief Miller, but the firemen intend to have the engines all shiny and ready for their burden of small children on Narberth's big pa-

## A Big Time

Is Planned by the Narberth Players for Their

Annual picnic, Saturday, June 4, at Valley Forge Park, the lower grove. Superintendent Gilbert Jones, of the park guards, will direct all comers to the spot.

The assemblage will begin at 2 P. M., with sports events starting at 3. At 4 there will be a softball game for men, and at 5, one for girls. At 6, a steak roast and supper (bring your own). At 7, the award of prizes, which will include gate prizes. And at 8, twilight singing, with accordion accompaniment.

The public is invited, man, woman and child, to be guests of the Players and be seen in 3 reels of moving pictures which will be shown at the first fall meeting.

George Werner heads the committee, whose members are William Hand, Grace Werner, Adelaide Brunel and Joseph Honzler.

## Tour of Gardens

Among Closing Activities of Women's Club

Several more events are on the calendar for members of the Women's Community Club of Narberth, although the regular meetings have closed for the summer.

Ten to fifteen members are expected to attend the conducted trip through the experimental gardens at the School of Horticulture, at Ambler, Monday, June 6. Members wishing transportation or who have it to offer are asked to call Mrs. P. A. Wales, transportation chairman. Cars will leave from the south side of Narberth Station at 10 A. M. Members will take their own lunch. The tour, which starts at 11 A. M., is free of charge.

Mrs. J. Burnett Holland, past president of the Narberth Club, entertained the present and past presidents of the club for tea Tuesday at her home in Norristown, and the group presented her with a wedding gift. Those who attended were: Mrs. E. W. Heymann, present president; Mrs. E. C. Bachevalor, Mrs. A. B. Ross, Mrs. H. A. Jacobs, Mrs. C. A. Farmer, Mrs. J. A. Honzler, Mrs. C. E. Starr and Mrs. R. C. Heath.

Mrs. H. C. Middleton, Jr., entertained her House Committee and Mrs. E. W. Heymann and her mother, Mrs. Hallett, for luncheon and bridge at her home Wednesday.

Mrs. E. B. Hoskins will have her Membership Committee for tea Wednesday, June 8, and Mrs. G. W. Orth will entertain her Project Committee the same day.

## New G. M.

Agency to be Opened Here by Walter J. Scott

Walter J. Scott, 219 Lantwyn lane, Narberth, has just returned from a visit to the General Motors factories, preparatory to establishing his G. M. sales agency on the Main Line.

With branches to be located in Narberth, Ardmore, Bryn Mawr, Wayne and Philadelphia, Mr. Scott will represent G. M.'s Deleo-Frigidaire and Deleo-Heat products, and also handle rock wool insulation and represent Sun Oil Company as dealer in fuel oils.

An ardent worker in the oil burner and heating industry for several years, Mr. Scott has made it a policy to be more interested in the customer than the sale—which has led increasingly large numbers of Main Liners to leave their heating and air conditioning worries up to him. His many friends wish him great success in creating a business where value and service prove of greatest importance.

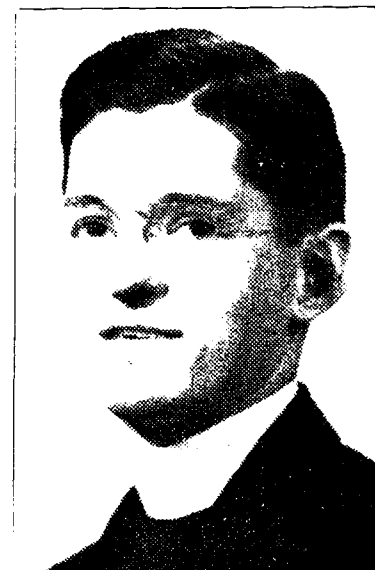

The main office and showroom will be located at 108 Forest avenue, Narberth, whose official opening will be announced in the next few days.

Our good friend and newly elected Republican Committeeman for District One, Mr. (Just call me Joe) White, showed the members several reels of very interesting films dealing with hunting and fishing, which were enjoyed by all. The meeting was followed by that ever reliable foodstuff known as "Hot Dogs" and delightful refreshments supplied by the entertainment committee and prepared by Narberth's two great chefs, Charlie Young and Jim Gillespie. TKC.

## Father Goodyear

Ordained; Will Conduct First Mass Here Sunday

At the Cathedral of SS. Peter and Paul, in Philadelphia, on Thursday morning, Bishop Hugh L. Lamb ordained to the Catholic priesthood the Reverend Clarence Joseph Goodyear, eldest son of Mr. and Mrs. C. J. Goodyear, of Avon road.

Father Goodyear was born in Crafton, Pa., twenty-five years ago, his ordination taking place on his twenty-fifth birthday. He was educated at St. Philip's School, Crafton, at Crafton High School, but was graduated from Lower Merion High School in 1930. In September, 1930, he entered the seminary of St. Charles Borromeo, Overbrook, where he has just completed his studies.

At his ordination his sponsor was the Reverend Vincent F. Hamilton, of St. Margaret's Church. The new priest is the first member of St. Margaret's parish to be ordained in the Philadelphia Archdiocese.

Father Goodyear will celebrate his first solemn Mass at St. Margaret's Church this Sunday at 11:15 A. M.

\*The first young man from St. Margaret's parish to become a priest is the Rev. James Joseph Duffy, who was ordained May 1, 1937, in the Cathedral at Trenton, N. J.

## The County Court

Will hold a final hearing at Norristown Wednesday on the bill in equity filed against Lower Merion Township by a group of Penn Valley and West Manayunk residents. The latter seek to have the recently adopted amendment to the zoning ordinance, which permits the township to erect buildings deemed necessary for the public welfare in any Lower Merion location without regard for the zoning of the ground, declared unconstitutional and invalid.

President Judge Harold G. Knight this week dismissed exceptions to the decision in which he had previously dismissed the taxpayers' suit seeking to prevent the construction of an incinerator by Lower Merion township on the latter's West Manayunk dump site.

## "Women in Industry"

Will be the topic of John C. Hortever, of the state's Department of Labor and Industry, at Wynnewood House, 12:30 P. M., Tuesday next. The occasion is a meeting of the Lower Merion and Narberth Women's Democratic Club. For luncheon reservations call Narberth 3837-R.

## 4 Local Youths

Various graduation week events will be held tomorrow and Sunday.

Eugene Davis, Jr., is the son of Mr. and Mrs. Eugene Davis, of 109 Forest avenue. Marshall debating society; varsity football and baseball, 1937-38; French Club.

### Around the Town

Burgess Schrepfer has received a letter from Governor Earle, in connection with the Keystone State's celebration of the 150th anniversary of the American Constitution. Request is made that Narberth dedicate "some principal thoroughfare" as "Constitution Avenue" or "Boulevard." Let's see. . . . How about renaming Haverford avenue, "Constitution Boulevard, Narberth, Pa."—Wow!

Appreciatively watching the pageant Monday at Narbrook Park, stood Lower Merion's grand old man, Luther Parsons, who now lives on Wayne avenue, Narberth. He remembers when there were just two houses in all Narberth. . . . Not long ago he sold (for \$125) a chair which he bought for 75c, that had probably been sat on by William Penn when he was the guest of Thomas Price, who was the father of Edward Price, who owned the house at Meeting House lane, that the Mowbrays now have. . . . Last Sunday Mr. Parsons helped celebrate the anniversary of the Fairview Sunday School, in Penn Valley; he was its superintendent for ten years. . . . It was founded in a blacksmith shop 114 years ago by the blacksmith, Jacob Keech.

Before the Primary Election last week, Alvin E. Shull prepared his ad for OUR TOWN, mindful of the campaign's stentorian roar, which will resound until the General Election brings fulfillment or conclusion to promises. Preliminary to inviting "serious thought to some of the attractive and peaceful things" which Shull Lumber Company sells, he headlined the ad: "You won't be able to get away from it until November"—which missed fire badly, because OUR TOWN omitted the cut. Here 'tis. . .

—Not the celebrated mild Ferdinand, but one reminiscent of the Southern child who excitedly turned to a certain page of a certain book every time he visited a library, until the librarian curiously peeked over his shoulder—to see a bull pictured chasing a boy to a fence. It must have been as bad a bull as OUR TOWN's omission, for it was causing the boy to chortle: "Ha ha!—Haint coteched him yet!"

Something's got to be done about the traffic jam at the Narberth Station. . . . In Tuesday's downpour, the street was flooded with rain and traffic for half an hour, at that vital time at end of day's labors when the inner man craved food and for long drenched minutes got nothing more refreshing than hornblowings. And we continue to suggest that pontoon bridges are in order across Haverford River.

Editor Elwood:

From one who knows a little of the detail that was involved, a word of commendation for those responsible for the pageant. Creative genius, skilled artistry and hard work made a perfect combination. It was a landmark in the history of the community, which owes a debt of gratitude to all who took part and to the Narbrook Park Association for a real setting.  
HENRY A. FRYE.

### Town & Township

Editor Elwood:

This is to thank you for the publicity you've given the Harold D. Speakman Post, American Legion, and the work you are doing for Narberth and nearby, to make this a better place in which to live and to do business. All power to you in your Town and Township venture this fall.

Sincerely,  
WALTER P. MISEN,  
Commander.

### Suburban

Today and tomorrow the Suburban Theater will present the sensational "Czar to Lenin."

This picture has taken thirteen years to prepare. The films come from the ends of the earth. They were made by over a hundred different cameramen during the revolution from one hundred different angles.

Some were taken by the Tsar's royal photographer, some by the Tsar himself, some by the Soviet photographers, some by the German General Staff, some by the staff photographers with the French, English and Japanese Armies of Occupation. Others were taken by American war correspondents and still others by private adventurers.

The associate feature on the program is a baffling murder mystery, "Island in the Sky," featuring Michael Whalen and Gloria Stuart.

Jane Withers, star of "Rascals," which comes to the Suburban Theater on Sunday, is an outstanding contradiction of the old rule that "children should be seen and not heard." Jane spent quite some time in her early movie career being "heard but not seen." She used to furnish from one to six voices for animated cartoon characters.

An unusual added attraction will be "The Dead March."

Boake Carter, famous radio news commentator, is featured in the picture in the role of narrator, describing the action as it takes place on the screen, and commenting in his forceful style upon the disastrous effects of war.

ANNA NEAGLE

Star of "Victoria the Great" as she appears in "Look Out For Love" playing Tuesday and Wednesday at the Suburban Theater.

Starts Thursday for an indefinite engagement "In Old Chicago."

### Egyptian

You'll love Shirley Temple best in her best-of-all musical "Rebecca of Sunnybrook Farm" which is playing at the Egyptian this Friday and Saturday. All the hit songs that Shirley Temple has sung during her nearly four-year career in pictures will be sung again by the curly-top star in "Rebecca of Sunnybrook Farm," which also features Randolph Scott, Jack Haley, Gloria Stuart and Bill Robinson. An added attraction will be the Dionne Quintuplets in "Quintupland."

The Egyptian presents on Monday and Tuesday with matinee Monday at 2.15, one of the leading musicals of this year, "Sally, Irene and Mary." Alice Faye, Fred Allen, Tony Martin and Jimmy Durante are featured in this back stage comedy.

What has become of your silent day actors and actresses? "It Happened in Hollywood" will answer this question. Richard Dix and Fay Wray, both silent day favorites, enact what happened to them when the new era of motion pictures started. "It Happened in Hollywood" comes to the Egyptian next Wednesday and Thursday, June 1, 2. Added attractions are "Miracle Money," another in the "Crime Doesn't Pay" series, and a Laurel and Hardy comedy.

Walt Disney's "Snow White and the Seven Dwarfs" will soon be seen at the Egyptian.

TOMMY KELLY

in "The Adventures of Tom Sawyer" coming to the Egyptian next Friday and Saturday.

### Two Dramas at Narberth; Two Comedies Are Coming

Fredric March as Jean Lafitte gives a stirring characterization in "The Buccaneer"—at Narberth this weekend.

An epic of the sea that is hailed as the most thrilling story of the year—"Souls at Sea"—comes Monday and Tuesday, with Gary Cooper and George Raft. . . . a story no red-blooded adventure-lover will want to miss.

Very funny are Robert Montgomery, Virginia Bruce, Warren William and Binnie Barnes in "The First 100 Years," which comes to town Wednesday and Thursday next.

Very funny are Carole Lombard, Fred MacMurray, John Barrymore, Una Merkel and Edgar Kennedy in "True Confession," which will conclude Narberth's week of good entertainment.

### Re-Elected by Merion's

Civic Association last Friday night were A. Balfour Brehman, president; Mrs. Edward W. Bok and John F. Macklin, vice-presidents; Harold W. Scott, treasurer, and Mrs. P. E. Matthes, secretary.

A new vice-president, William A. Powell, and one new director, William D. Sherrerd, were chosen. Twenty-nine members of the board were re-elected.

Dr. Richard A. Kern, former board member and present member of the township Board of Health, who now lives in Wynnewood, was named medical advisor.

### Chairman of the Planning

Commission of Lower Merion, Walter D. Fuller, was reappointed for a five-year term last week by the township commissioners. Mr. Fuller, president of the Penn Valley Civic Association and president of the Curtis Publishing Company, has "rendered a great social service to the township," said Julius Ziegler, president of the township board, in announcing the reappointment.

This week a movement initiated by the Township Planning Commission—for regulation of through trucking to save highways—was approved by the Pennsylvania State Association of Township Commissioners.

### Inventing's

No Cinch, Said Everett H.

Bickley,

continuing, Tuesday noon, a talk which he began the previous week at the Bala-Cynwyd Rotary Club, of which he is a new member. He told how patenting is done, and declared there are two types of inventions that it is hardly profitable to patent:

The "ripe" kind that are immediately so popular that litigation defending patent rights costs as much as they are worth.

And the pioneering kind that require years of salesmanship to educate the public to buy—and that benefit someone else very nicely, after the inventor is dead and gone.

The mortality of inventions, Mr. Bickley said, was as great for Thomas A. Edison as for any inventor today. . . . The best technique with a sure-fire new product is to manufacture as quickly as possible, and flood the market before an imitator can do likewise.

Announced as speaker next Tuesday is Dr. William L. Martin, of Merion, whose topic is expected to be "Appendectomy."

### Wayside Stands

Will be a feature of the annual flower show of the Garden Club of Bala-Cynwyd, next Wednesday, with local schools competing for artistic arrangement.

All of the 67 flower classes are explained in the printed schedule which may be obtained from any member of the club's Executive Committee.

### Dr. Barker, James Honored

Dr. Frank P. K. Barker, Gladwyn commissioner and vice-president of the Lower Merion Board, was elected second vice-president of the Pennsylvania State Association of Township Commissioners this week at the annual convention in Wilkes-Barre.

Chosen as general chairman of next year's convention in Philadelphia was Evan L. James, township secretary.

assembled Wednesday at the Valley Forge Hotel, Norristown, to discuss tax problems confronting the petroleum industry, motorists and commercial highway users and for the purpose of forming a permanent organization in Montgomery County, similar to ones formed in over 2600 counties in the United States. Purpose of the organization is to protect the petroleum industry and its customers from excessive taxation and harmful legislation. In Pennsylvania in 1936, state gasoline taxes and registration fees alone were approximately \$85,000,000 per year. This represented 37 per cent of all state tax revenues. In addition, customers are required to pay a federal gasoline tax of 1c per gallon, or about \$12,500,000 annually, together with the tax on lubricating oil and other federal excises.

Utility Companies  
Need Advertising

So Says George E. Whitwell,  
Vice-President of Philadelphia Electric Co.

Newspaper advertising is one of the principal factors in obtaining increased business for the electric and gas utilities, according to George E. Whitwell, vice-president in charge of sales of the Philadelphia Electric Company, who spoke Saturday at the Hotel Adelphi before the Montgomery-Bucks Newspaper Association.

Mr. Whitwell pointed out that, contrary to usual opinion, the utilities are in a highly competitive business. Since they must make their principal appeal to the general public in expanding their sales, the newspapers furnish the best medium, he said, for this part of the sales activity.

"Nothing is further from the truth than the oft-made statement that a utility has no competition," he said. "Utilities have very definite competition in almost every field of activity."

"In the industrial field, it is apparent that no factory is running motors just to hear them go around. We only get a contract to turn those motors when we convince the management that it is better and cheaper to connect with our lines than to operate a private power plant or to use steam for the job."

"In the field of small business, this is equally true. A restaurant proprietor, for instance, will not sign up with us unless we can show him that gas or electricity will serve him better in space, convenience, comfort or superiority of product than will other fuels."

"In the residence field, we also have our competition. That is because we would not get very far if we were to rest satisfied with the 'bare necessity' business that comes almost automatically. You must remember that the customer who is satisfied with just a few lights in his house is apt to be a 'minimum charge' customer, and on such customers any utility loses money."

"These customers become profitable to a utility only when they increase their consumption of our product. And it works both ways, because as they use more electric servants in the home, they bring more comfort and convenience into their daily lives."

"It goes without saying that advertising has been one of the big guns in fighting our competition during the years. Our products are such as are used by everyone, rich and poor. The newspaper is the great universal medium which reaches all these people, directly and regularly. Therefore we appropriate as much money to the purchase of newspaper space as we can afford. It offers us the best means of reaching the most people with the message that increased use of our products will add to their enjoyment of life."

## Time Out

Lower Merion athletic teams experienced some rather disappointing reverses the past week. Coach Drumm's well-balanced track and field team, representing the senior high school, journeyed to West Chester to take part in the "Suburbans," and after a good performance in most of the events, lost out in the final one to Norristown by exactly one-half point. Forty-six to forty-five and a half was the final analysis of the situation and it does seem that the Maroon squad could have picked up that extra point in some event if the coaches had known ahead just what was going to happen. DeCarlo's failure to score more heavily in his dashes upset the predictions.

Coach Drumm and the boys will have an opportunity to make a comeback tomorrow when they go to Norristown for the District I meet.

Coach Fetter led his baseball nine against Norristown last Monday, on Pennypacker Field. The Bulldogs took the measure of the Eagles in a game played earlier in the month at Norristown, but the fine defensive work of the visitors and the fine pitching of their mound artist were too much for the locals. The game was tight throughout, well played and interesting—but Norristown won, 3 to 2. Alexander again held the opponents to a few scattered hits, but his teammates were unable to do any effective stickwork with men on bases. Alexander scored both Lower Merion runs.

For the first time in five years and the second time in history, Upper Darby Junior High School won a dual track meet with Lower Merion Junior High School, last Friday. The meet was held on the miniature track at Upper Darby and the final score was 77 to 63. Lower Merion was leading most of the way, but in the final running events the boys from Sixty-ninth street took too many fits and seconds for the locals to maintain their lead.

against Gladwyne. Lyons did well, limiting the enemy to six hits. Herrmann also gave a good performance although he was banged for 11 by the Gladwyne outfit.

The breaks favored Narberth at Upper Darby. In the ninth, with the bases loaded, Bud Walker popped to short and when the fielder misjudged the ball the two necessary runs crossed. Upper Darby chased three runs across in its turn to almost creep up and turn it into a new ball game.

Herrmann threw one up Frank Arnone's alley on Sunday and it meant Narberth's doom. In the eighth inning, after Al and Charley McSorley had fought through a great pitcher's battle, Arnone connected for a homer to left center in the eighth. Hess followed with a double, advanced to third on a pair of infield outs, and scored on Herrmann's wild pitch.

Both of this week-end's games are away. Today the Davismen play at Angora and tomorrow at Manoa. They will play an independent game Memorial Day morning, at 10:15, and will tangle with Coatesville here in a league game at 3:30.
